

Addendum 3

Q&A:

1. Page 5, Section 3.0,C. – Under the 2nd bullet it states that Offeror should provide discounts by product category for the items not on the core list. It then states that “Attachment H (noncore list) must be fixed for each fiscal year based on the pre-established discount structure as quoted.”

Does that mean that the *discount* must remain fixed? Or are awarded vendors expected to hold the actual *pricing* firm based on the percent discount price at the beginning of the contract period?

Discount must remain fixed each fiscal year.
